County Questions.

Mr. James E. Clements, who, as has been stated in the Gazatte, was last week recommerded to the new Superintended of Public Instruction for County Superintendent of Schools in the place of Mr. Geo. R. Adams, says be wishes it to be distinctly understood that under no circumstances will be be a candidate for the position while there is the least possible chance of Mr. Adams receiving such appointment, for he believes if their eyer was a position earned by love of the work, and by previous long considued and unpaid for servi-ces in any cause, the place of Ucusty Superin-tendent of Schools is certainly ricely deserved by Mr. G. R. Adams. In regard to the pro-posed annexation of Alexandria county to Fairfax county, Mr Clements, says: It is not thought probable that the committee to which the bill has been referred will report favorably upon it, from the fact that it is considered inconsistent with the State constitution to merge one county into another; and to amend the constitution would consume too onto time to bring about the desired relief. There is no doubt whatever but that something will be done by the present Ligislature to reduce the excessive texation with which the property holders of the county are burdened I'he better plan thought of now is to have the Legislature pass a law limiting the rate of tax-ation on property, and amending the law with reference to the maintainance of the paupers living upon the Arlington estate, which is held as United States property and paupers living thereon, it is thought, should be supported by the United States O. v. roment and not by the taxpayers of Alexandria county. The bill pre-posed by Mr. Eimund Barks, as understood in the county, for the sale of delir quint lands, is considered nonecessary from the fact that there are now upon the statute books ample I-we for the sale of such lands, Code 1873 ch. 38 and these laws need only be stricly entorced, as they should have been enterord last year by authority vested in the State Auditor, but for an idea that it was an unpopular thing to do while an election was pending.

BE CARETUL OF CANDY .- Dr. A. W. Sherherd, of Brook'yo, made a post mortem examination last week of the remains of L'zzie M. Thoyer, 11 years of age, wao recently died after eating a quantity of candy. The examination revealed the fact that death resulted from so ite gastro enteritis. A peca of candy about an inch long found in the pyloric end or the stomand evoniually cause death.

ants, cockreaches, spiders and chintz bugs. Take two pounds of alum and dissolve it in three or four quarts of boiling water; let it stand on the fire until the alum is all melted. then apply it with a brush, while nearly boiling hot, to every joint and crevice in your c'osots. bedstead, pantry shelves, etc. If, in whitewashing a celing plenty of alum is added to the white-wash, it will keep off insects.

COAL OIL FOR MEDICAL USE -About a year ag) I frosted my feet very badly and tried coal oil with great success. I: not only cured the frost, but also a half dezen corps, some of hem for ten or fitteen years; one for thirtyfive years. I bathed them and oleaned them all off my feet. Is's hid the "ground itch," as we call it here; I hid been troubled very much with it for many yesrs, and the cost oil cured it entirely. My feet are sounder and smoother to-lay than they have been for 40 years .- A Reader in Country Gentlemen.
